Youth

DiscoverEU - Quick facts

- **Erasmus+**
- Addressed to youngsters who are 18 years old

Answer to a simple quiz

Win a Eurorail pass*

Travel in Europe for
up to 30 days

BONUS: The winners will also get a DiscoverEU discount card that they can use for cultural events, learning activities, sports, accommodation etc

*  In the case of Cyprus, the winners also get a return flight ticket from **Larnaca or Paphos** airport to a country connected with the Eurorail where they will kick-off their travel **(15 June 2023 - 30 September 2024)**

Eligibility Check

-  You should be 18 years old at the time of application (**1st July 2004 - 30 June 2005**)
-  Be a citizen or legal resident of the 27 EU Member states or countries associated with Erasmus+
-  **Participate in a Quiz**, unless you are part of a team (more about this in a bit!)

Important bits

-  You can travel alone or with up to 4 friends (total 5).
-  In case you have a **disability or health issue**, we got your back! We will ensure you have the support you need!
-  Still **too young** to participate? No worries! There are two calls per year, one in spring and one in autumn. So make a mental note and try your luck when you turn 18!
-  You participated but **didn't get selected**? You can **try again** in the next call while you're still 18.

Traveling with friends

You can travel with up to **4 more people** (total 5) from the same country or not!

Not everyone needs to answer the quiz. Only one person needs to answer the quiz (although you may do it collaboratively)

- When the group “leader” answers the quiz, they share their code with the rest who need to get on the platform and provide their information. The group is considered as one application.

Flexibility is everything!

Changed your mind and you want to travel by yourself? You can still do that without affecting your peers' travel.

Next Round

15-29 March

Super Important bits

- You will be **emailed** with the results either you are **selected or not**.
- You can **use your code to check** by yourself as well.

Got the good news that you have been selected?

- **You should NOT buy any tickets!!**
- Eurorail and flight tickets will be arranged by the responsible authority in communication with you.

Any tickets you buy by yourself will not be reimbursed.

- You will also get access to the **DiscoverEU app** which will help you in your traveling and also include the discount card
- Helpdesk for **technical support** <https://start-discover.eu/>

LEARNING THE FACTS ABOUT FLEXIBLE AND FIXED

THERE ARE TWO TYPES OF DiscoverEU TRAVEL PASS

FLEXIBLE

Greater freedom and more choice on when you travel and how many EU countries you visit!

Say olá to Leonor

Leonor has lots of travel plans, but she's not sure how much time she'd like to spend in each city.

She'd like to visit as many EU countries as possible.

Leonor likes to go with the flow and wants the freedom to change her plans as she travels.

Although she will be away for a month, she plans to travel by train on no more than 7 days.

Leonor may have to pay for seat reservations on some trains she takes (but most are free of charge!).

Does Leonor's story sound like you? If so, pick the **FLEXIBLE TICKET** option.

FIXED

Allows you to visit only 2 EU countries (not including your home country) as part of a fixed itinerary.

This is Szymon. Dzień dobry!

Szymon has a busy schedule, so he knows the dates that he'll be leaving and returning.

He wants to visit just two destinations; one in Slovakia and the other in Hungary.

Szymon doesn't like surprises, so he's happy that his travel itinerary cannot be changed.

He knows that his entire journey cannot cost more than €260.

Szymon is on a tight budget, so he doesn't want to pay extra for seat reservations, if there are any.

He knows that if he misses his train, he will need to cover the costs of a new ticket himself.

Does Szymon's story sound like you? If so, pick the **FIXED TICKET** option.
